to-day's strugle. Haroid Hilton came to this country solely to win the Havemeyer cup. At the beginning of to-day's match he had played 140 holes in competition on the Apawamia course, and except for one hole on Thursday and even holes yes-terday, he has always been "up" on his opponent. Travers pushed him nearly to his solfing limit on Thursday, and three rounds of the Myopia course ten days ago tested the true calibre of his game. Other than that his road to fame in this country has so far been

hampionship three times including the present year, and has been once the Sritishopen champion, which means that as has defeated the best professionals in the golfing world. Naturally he aspired to the American amateur title and to-day came his long sought opportunity. The players came out of the clubhouse shortly after 10 o'clock, both in knicker-bockers. Hilton wore his green knit jacket, while Herreshoff was in white shirt sleeves. As he was at the top of the draw it was Hilton's honor. The play by hole was as follows:
